TIGERS TRUST IN THE COMMUNITY

Tigers Trust is working in partnership with Primary Schools across Hull & East Riding to achieve physical, social and emotional wellbeing outcomes.

The value of sport and an active lifestyle cannot be underestimated. It impacts on the development of children and in many cases their lives. The Sports Premium allows individual schools to invest in the resources it needs to best encourage and enable an active lifestyle through sport, play and learning.

MAXIMISING THE SPORTS PREMIUM

We offer everything listed below. If you are interested, then use this guide to link in to your existing provision.

HOW WE ENGAGE ALL PUPILS IN REGULAR PHYSICAL ACTIVITY...

PE Curriculum

Through the delivery of world class PE, we are able to develop the skills of all pupils and support them to achieve their personal best. We work alongside the class teacher in every lesson, upskilling them to allow us to leave a real legacy in school, which improves the standards of PE throughout school for a prolonged period.

- Extra-Curricular
- Holiday Activities
- Collapsed Curriculum

- Awards
- Intra-School Events
- Inter-School
- Team Teaching
- Teacher Training
- Cross-Curricular

“
ENCOURAGE
AND ENABLE AN
ACTIVE LIFESTYLE
THROUGH SPORT
”

One of the many benefits of having Tigers Trust in school is the range of sports and activities that they can offer. This is not just about football! Our pupils also love learning life skills as well as to play handball, rugby and cricket with the Trust. They provide all these in lesson and club formats for our enthusiastic pupils from 4 years old to 11. It is quite amazing what we can squeeze into a day a week. I appreciate how flexible the Trust has been in meeting our needs and requests.

Michael Loncaster,

HEAD TEACHER,
MOLESCROFT
PRIMARY SCHOOL

Brilliantly planned and thought out lessons, inclusive of all students whilst teaching them really beneficial team skills as well as focusing on sportsmanship and attitude! The lessons gave the children the chance to reflect and feedback on their learning and as a teacher I feel like I've learnt lots and it's really helped me understand more about how to differentiate in P.E. Communication has been great and being able to access and look over lesson plans has been really informative. I also like how you celebrated a variety of children and their successes for different reasons!

Jess Nagy,

CLASS TEACHER

Tigers Trust help me by making me feel ok about sports and they have given me more confidence to speak to others. They have helped me so much with my skills

Riew,

YEAR 6 PUPIL

CASE STUDIES - ALL IN A DAYS WORK

As an NQT PE can be daunting as we don't get much training on how to teach it but both of the Tigers Trust coaches were really helpful and provided me with the confidence to teach my class. You provided me with lots of great ideas for future lessons. I was very impressed with the individual challenges given to certain high achievers in my class as I had never thought about challenging specific children in games! All children in my class enjoyed every session with you boys and we hope to get the opportunity to work with you again!

India Pickering,

CLASS TEACHER
