What is Social Action?

Don't worry, we get this question every year on NCS. In essence, social action during the Do Good phase of NCS is allowing the young people and their group to find out what they are passionate about, whether that be the environment, sports, politics, music, drama, animals or whatever else. They come together as a team and plan something, that could be volunteering or fundraising or campaigning or putting on an event- it's really up to you and your team. These social action projects can be as big or as little as you like, you can take on the world or maybe do something a little closer to home.

Head to wearencs.com and check out some of the social action projects we have done previously.
